John Hansen and Mike Adkins with Midwest Construction have a progress report on the Henry County Law Enforcement Center. Everything is running on schedule, there was a patch of mucky soil that had to be removed and replaced with fill, 80% of the storage shed is complete and there has been someone from Midwest on the site full-time. They are having problems with the public constantly driving through the project area and around construction trailers on the road that is closed off to the public but not blocked due to workers needing to come and go from the construction site at is causing issues. Footings are going in, Mt Pleasant Utilities is wanting to start next week to bring in electrical service but need to get water lines in first. Hansen presented the July pay request to the Board and explained the claims. It was moved by Lindeen and seconded by See to approve the pay request for a total of \$212,133.30. 3 ayes. Motion carried.
