

May 24, 2017  
Mt Pleasant, IA

The Board met in special session at 10:30 AM. Members present: Chairman, Marc Lindeen, Vice-Chairman, Greg Moeller and Gary See.

Others present were Bruce Hudson, RUSS Director; Jodi Sutter, Henry County Environmental Specialist; Darin Stater, Henry County Attorney and Randy Wilkerson from the public.

The purpose for the meeting was to discuss and determine the county's position in the former city of Mt Union regarding residents that have never been hooked up to the RUSS system and if they are in compliance with State and County Ordinance for waste water the same as other rural residents. It is Henry County's responsibility to make sure all are in compliance with Iowa Code Section 69 stated County Attorney Stater. Jodi Sutter our Environmental Specialist has the authority to go out and assess to make sure they are in compliance and if not inform them of their options to do so. It is required in the code that a building within 200 ft of a functioning sewer system must be connected, if they aren't it will be at the homeowners cost to get connected to that system. If they are not in that range they will have to provide proof of a functioning private system that meets requirements of Henry County Ordinance. Sutter and Stater will be working to get a list of properties that are not connected to move forward with getting proof of a working system and informing them of their options.

It was moved by Moeller and seconded by See the meeting be adjourned. 3 ayes. Motion carried.
