Jewel Avenue Seal Coat Agreement

WHEREAS, Jewel Avenue has been a seal coat road since May of 2013 at the request of Property Owners and under a 60 month trial Agreement expiring in May of 2018. The seal coat extends a distance of approximately .77 mile, more or less, from North Grand Avenue to the south side of Big Creek bridge #87. The initial costs and subsequent major maintenance was paid for by the Property Owners.

WHEREAS, Henry County does not promote seal coat of gravel roads and cannot afford the cost for upkeep of this type of road. However, if the Property Owners continue the financial responsibility for the major maintenance of this road, the County will not object to Jewel Avenue remaining a seal coat road.

WHEREAS, the Property Owners acknowledge and agree that the Jewel Avenue seal coat project is wholly managed, owned and controlled by the Board of Supervisors of Henry County, Iowa with the County Engineer making the determination when routine maintenance and/or major overlay work is to be completed. The County will give Property Owners 90 days notice prior to major work being completed so payment can be issued to the County.

WHEREAS, if at any time the Property Owners do not agree to the financial responsibility, the County will revert this road back to a gravel road. If a subdivision is established on the seal coat section of Jewel Avenue, the subdivision covenant is to contain language about payment for major work.
